

XTREME METAL

Xtreme Metal is a new, high quality metallic range, developed with outstanding pigments, and specially formulated to give you the best results. Resistant to masking, any type of weathering, with ultra high coverage power, and fast drying.

Now it's easy to clean your airbrush without leaving any pigment/ paint debris. These are quite simply the highest quality metallic paints ever seen.

EXTREME METAL

TRUE METAL

A new range of metallic paints created from a wax base. Made from high quality pigments, achieving extremely realistic effects. The basic product can be used in all branches of scale modelling, and they can be applied by brush, with the fingertip, or with a cotton swab, you can also use them with an airbrush diluted with our White Spirit and the result will be amazing with a smoother surface. Once dried, they can be polished to achieve a metallic finish. They can be used from Fantasy figures to any other branch of modeling as trains, planes, AFVs etc.
